

65 REVERIE

ALFRED VOLO

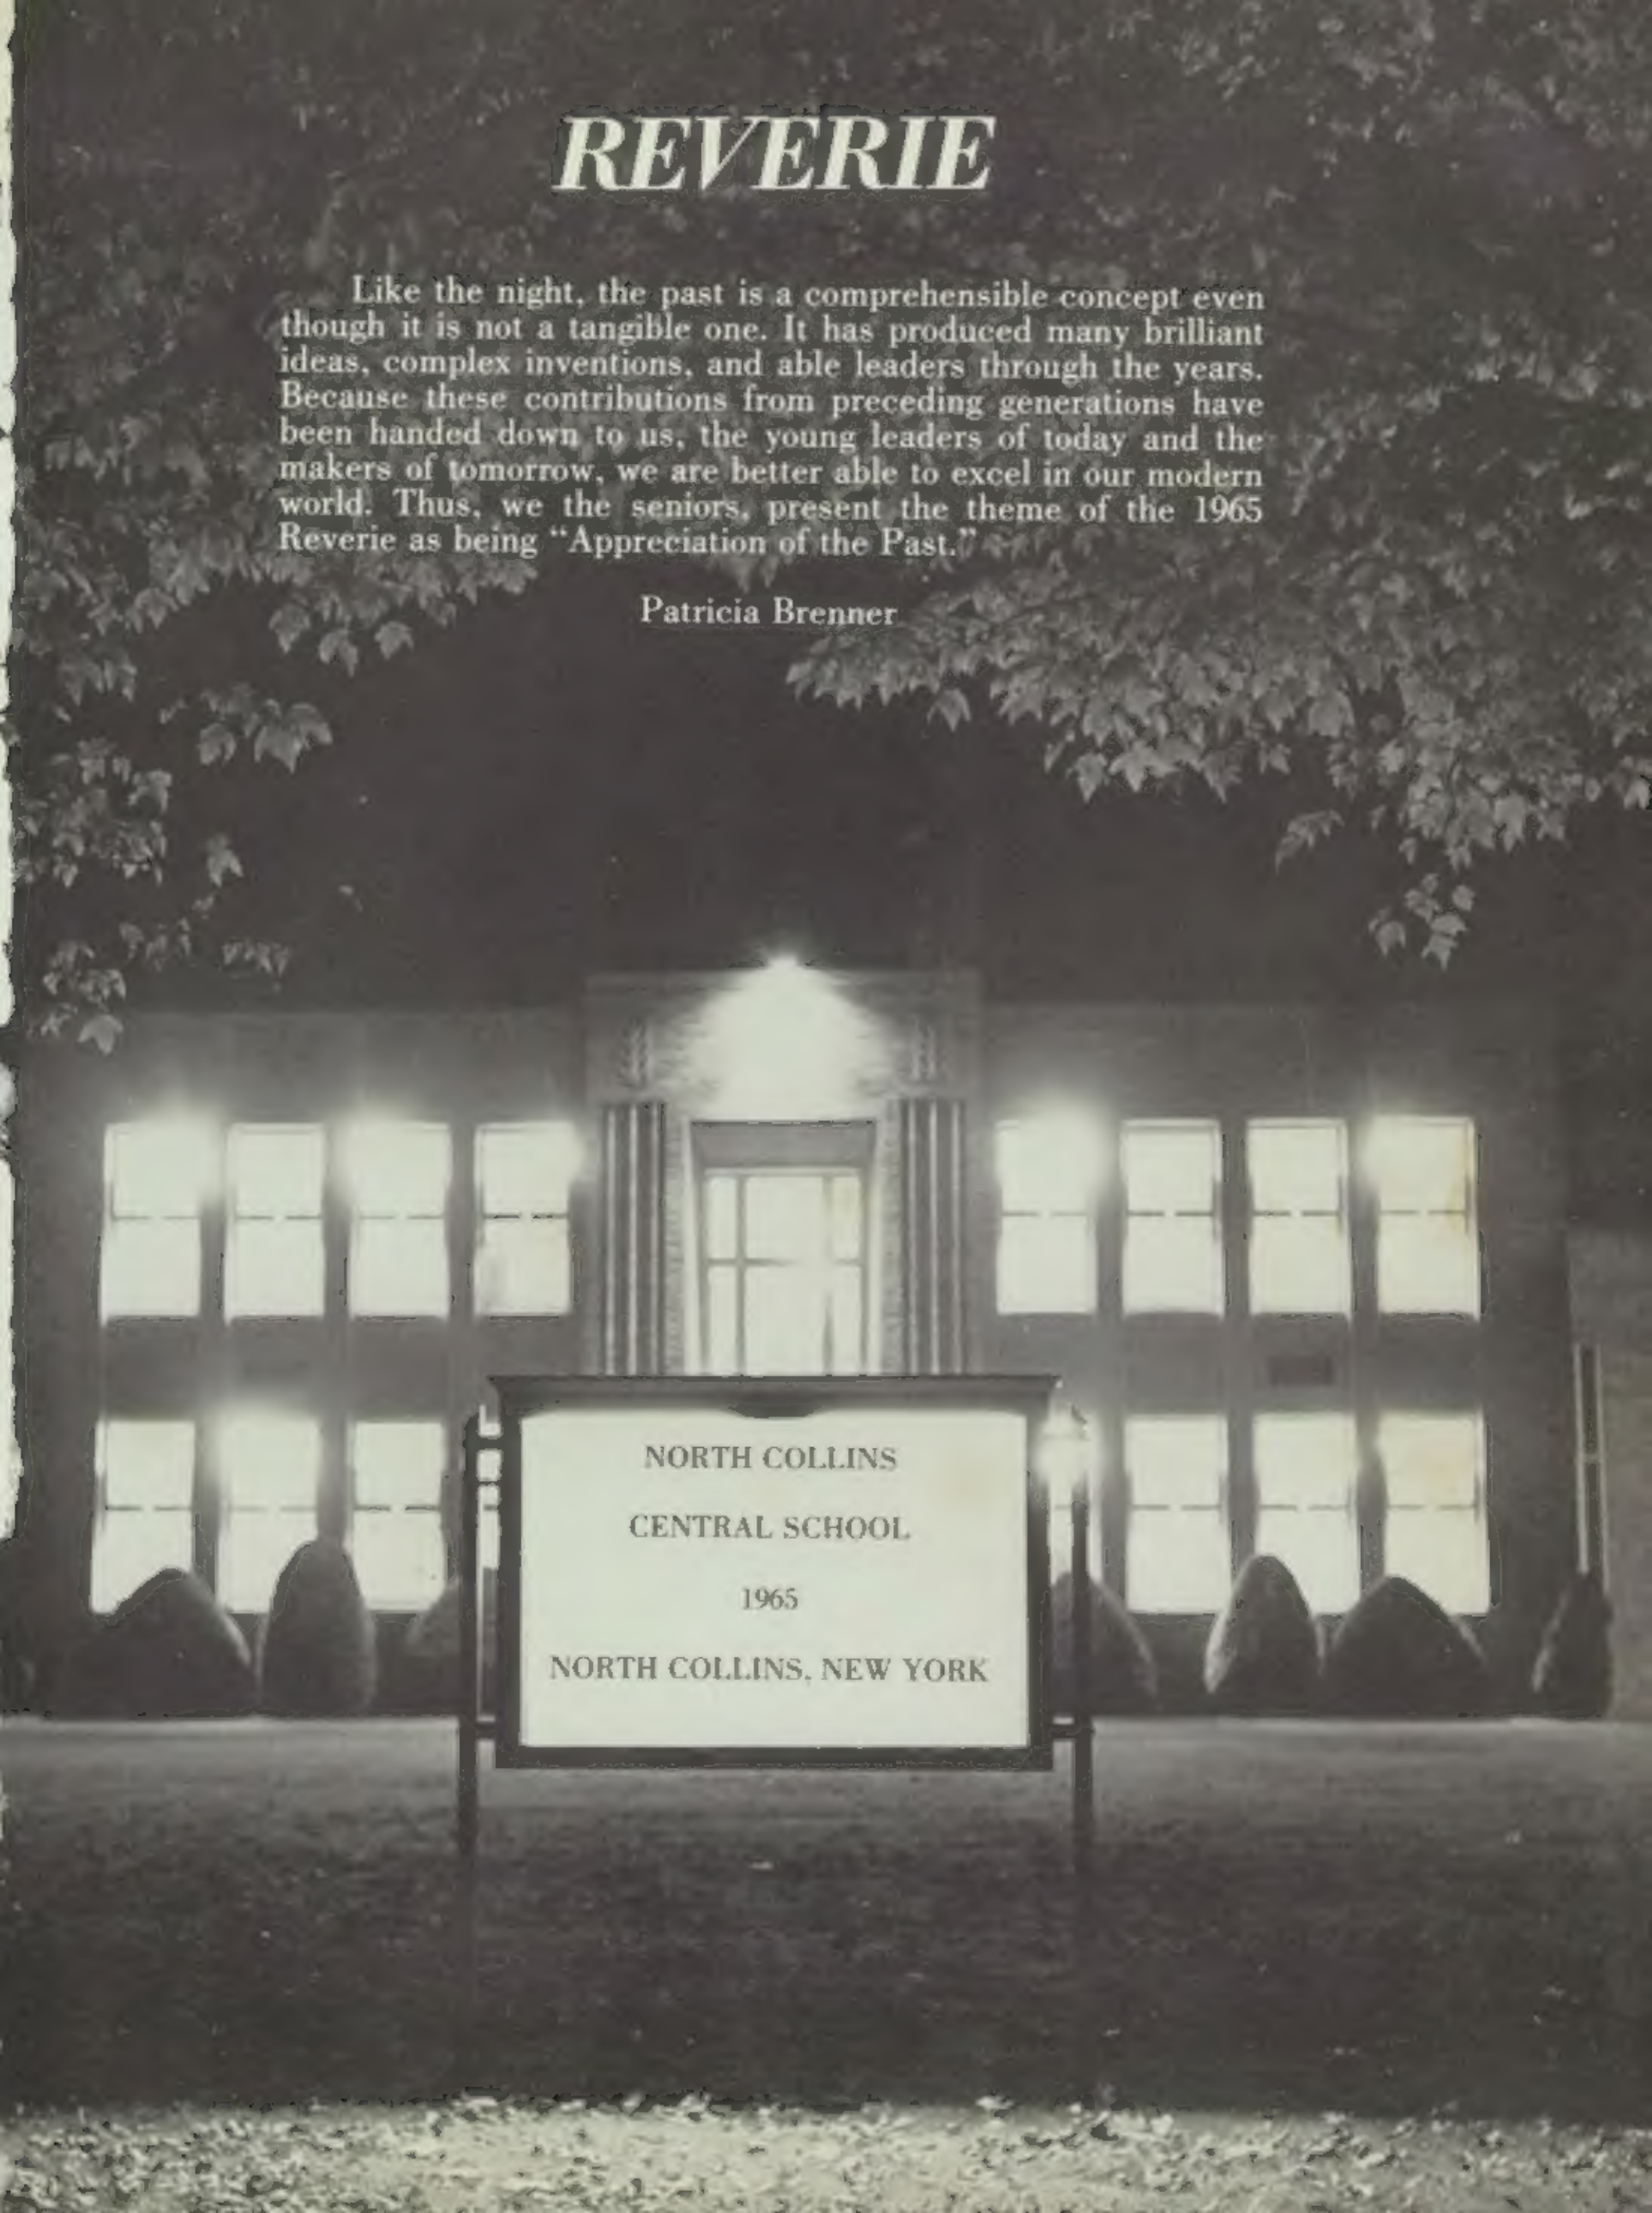

REVERIE

Like the night, the past is a comprehensible concept even though it is not a tangible one. It has produced many brilliant ideas, complex inventions, and able leaders through the years. Because these contributions from preceding generations have been handed down to us, the young leaders of today and the makers of tomorrow, we are better able to excel in our modern world. Thus, we the seniors, present the theme of the 1965 Reverie as being "Appreciation of the Past."

Dear Readers,

It is with great pleasure that we, the yearbook staff of "65", bring to you the new *Reverie* with its extra special changes. As you look through the pages, you will be reminded of the memories of our school life.

My deepest appreciation goes to the staff, advisors, Mr. Denz, Mr. Dicembre, and the camera club.

DEDICATION

It is with a great deal of admiration and gratitude that we, the senior class of 1965, dedicate this edition of *Reverie* to you, Charles Ognibene. Your sincere interest in our school has been displayed through your acting as school trustee for thirteen years, and your thirty-four years of service on the Board of Education. As an alumnus of North Collins Central, you have set an excellent example for the youth of the community by taking an active part in community events. You helped to bring about such accomplishments as the centralization of our school district and the construction of our present school buildings. Although you are no longer able to serve on the Board of Education, the students of North Collins will never forget the time and tireless effort you have spent in our behalf. In appreciation we graciously say "Thank you very, very much."

Mr. Douglas Tower
District Principal

Mr. Robert Jensen
Elementary Principal

Mr. Joseph Valone
Administrative Assistant

Through the years our school has grown and flourished only with the supervision of our efficient Board of Education. They have unselfishly given their time and effort to work for us, the students. Without them our education would not have been presented to us so expertly. In return we, the students of North Collins Central, would like to show our appreciation by sincerely saying "Thank you" board members.

Bye, Bye Birdie, a Broadway production, being produced on March 19 and 20. It consisted of players from chorus, band members and town participants. This is the first time that such a production has been given in our school. The proceeds will go toward a teachers scholarship which is awarded annually.

VARSITY BASKETBALL

At the midway season mark, North Collins boasted an 8 win, 3 loss record. Through the excellent coaching of Mr. Miller, the varsity team was welded into a well knit unit led by Mike Loretto, an All-Star Player, and Dave Leight, the second leading scorer in the league. Highlights of the early season were an 82-42 victory over Holland, a 26 point performance by Dave Leight, and a 20 point performance by Doug Morgano.

The team helps to promote school spirit and is a pride to North Collins Central.

"Here it comes, Mike!"

J. V. BASKETBALL SQUAD

The North Collins J. V. Basketball team is composed of ten ballplayers. We have five returning lettermen. At the present time the team is supporting a 5 win - 5 lost record. The team record of course is certainly not an indication of the type of ball they are actually capable of playing. There are approximately eight games remaining to be played this season.

We hope to close the basketball season in a manner that will make the school proud of this team's efforts. The team has showed signs of improvement and we are hopeful that their present performance will continue.

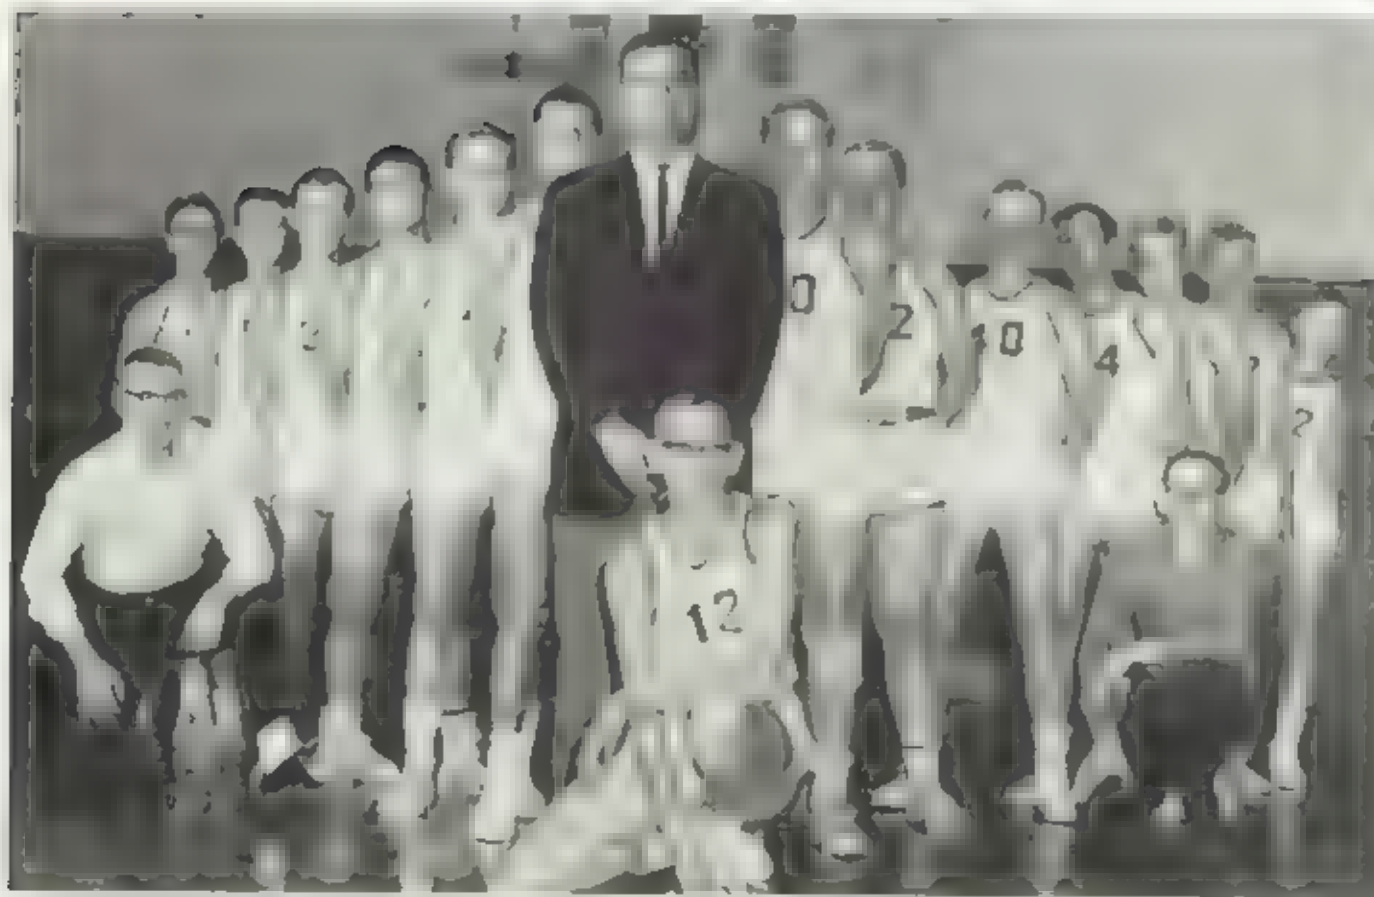

"The boys up for a rebound!"

"Two points coming up!"

Varsity Undeclared

The Varsity Soccer squad under the careful guidance of Coach Charles Andolino finished undefeated this fall by winning the ECIC Division II and class B championships. The Eagles compiled a 9-0-2 record outscoring their opponents twenty-nine goals to six.

The team featured a balanced attack and tight defense. The school and town should be justifiably proud with this year's squad, the first team undefeated since 1945.

J V Soccer

It is the objective of J.V. Soccer to promote good sportsmanship as well as to prepare underclassmen for the all important task of supplying the Varsity with new material when they become upperclassmen. The J.V. boys at North Collins have played with these objectives in mind. Last year's J.V. team furnished Coach Andolino with the strength he needed to develop this year's unchallenged Varsity team. The Baby Eagles of 1964-65, with their excellent record will again supply the Varsity Eagles with the power needed to retain the championship in 1965-66.

Varsity Baseball

This year North Collins had a very energetic, hard working Varsity Baseball team. With the able coaching of Mr. Miller, they triumphed in games with Holland, Iroquois, and Eden, all of which were considerably larger. Although the Eagles were not able to win every game last season, they always went in fighting and did their best. Varsity Baseball promotes good sportsmanship while it develops the boys into alert, dexterous athletes. In the coming season, all but two of the players will be returning, so a successful season is expected.

J V Baseball

Last season, the North Collins J.V. baseball team had several wins in spite of the fact that it was a comparatively young team. They challenged teams from several larger schools such as Springville, J.F.K., and Iroquois. Although they were not an undefeated team, they always worked hard and gave their best. As a result, next year North Collins Central should have an excellent J.V. baseball season, and the Varsity team will be supplied with experienced new players.

NATIONAL HONOR SOCIETY

Membership in the National Honor Society is the greatest honor that a high school can bestow upon a student. To be eligible for membership, a student must be a junior or senior with an average of eighty-five per cent or better. At solemn ceremonies every fall and spring, pupils who excel in the qualities of leadership, character, scholarship, and service are tapped and presented with pins and membership cards. Other activities of the organization include exchange days with other schools, induction ceremonies for other honor societies, and sales, which pay for pins, cards, and other items.

Junior National Honor Society

NATIONAL JUNIOR HONOR SOCIETY

In the fall of 1962, a chapter of the National Junior Honor Society was organized in North Collins Central. The Purpose of this national organization is to give recognition to students who have qualities of excellent character and high scholarship. All pupils in the ninth and tenth grades who have averages of 85 or better are eligible for membership. At induction ceremonies in the fall and the spring, new members are presented with membership pins and cards. It is considered a great honor to be selected as a member.

Yearbook Staff

Sophomores, juniors, and seniors make up the Yearbook Staff. They each work in a different area such as lay-out, photography, literary work, typing, or circulation under the direction of an experienced editor. As a result they create the treasured "Reverie" which furnishes happy memories in later years. 1965 proved to be a record year for the Yearbook Staff. A very successful magazine drive and the sale of 510 subscriptions enabled them to expand the book by about thirty pages. In general Yearbook teaches students how to work cooperatively for a common purpose.

Camera Club

The Camera Club of North Collins Central has many varied and interesting activities. Among them are the taking, development, and printing of the many yearbook pictures, necessary to the production of the bigger and better yearbook. Mr. Denz and Mr. Dicembre, who are club advisors, have both had a great deal of experience with all types of photography equipment. One of the high spots of the clubs was a trip to the Kodak Company in Rochester.

The Drama Club is made up of Juniors and Seniors. The purpose of this association is two-fold. One of these reasons is to train our members in the use of make up, the preparation of scenery, costumes and whatever else is needed for putting on a play.

The second reason for our existence is, of course, the ability to use our histrionic skill. We hope to build a group adept enough to be used by any who may need us in any capacity. "The play is the thing."

The Art Club has been in existence for two years. During this time its membership has more than tripled. Its activities have included the completion of the cafeteria mural, the painting of athletic figures on the gym walls, sketching trips, and excursions to art galleries. One of these trips was a visit to the *Canaletto Show* in Toronto, Canada. The main purposes of the Art Club are to encourage students to appreciate and enjoy art, and to aid in the seasonal decoration of the school. All high school students are eligible for membership.

One of the service organizations at N.C.C.S. is the Library Club. Members help the librarian by assisting with desk work, returning books to the shelves, taking care of magazines, and other tasks. Each year the club makes a trip to Buffalo to visit either the Buffalo and Erie County Public Library or the *Buffalo Evening News*. A worthwhile gift, which is paid for with funds raised by sales and other projects, is annually donated to the school.

The Junior Red Cross is an organization which helps young people to develop an awareness of others in a time of need. Members carry out projects which aid or benefit less fortunate individuals. By calling forth the best impulses and the noblest aspirations of its members, Junior Red Cross becomes a means of molding students into good citizens. All pupils in grades nine through twelve are eligible for membership in the fall of each school year.

Yorkers

One of North Collins' newer clubs is the Yorker Club. This organization was formed in 1963 to give Junior high students a better understanding of local, state, and national history. Members must be of good character, must have an average of 80 per cent or better, and must be able to participate in activities such as the preparation of the state convention project. Last year the Yorkers earned their fare to the State Yorker Convention in Rochester by means of a successful candy sale. Plans for this year include the 1965 convention in Utica.

Audio-Visual Club

One group which has greatly aided teachers in their classroom presentations has been the Audio-Visual Club. Members learn how to skillfully operate movie projectors, film strip machines, and other audio visual aids. They also learn how to give these machines the proper care needed for greater efficiency and longer wear. Through the Audio-Visual Club many classes are made more interesting and worthwhile because, as it is often said, "a picture is worth a thousand words." Members are responsible high school pupils who give up their free periods to donate their services. All and all, student participation has contributed to the progress of the relatively new and rapidly growing field of audio-visual education.

Every successful organization must have a central governing body which makes the rules, plans the activities, and allows the "wheels to run smoothly. In N.C.C.S. The Student Council serves this purpose. It is comprised of three elected representatives from each class in grades seven through twelve. In the past their accomplishments included exchange days with other schools, a carefully planned activity calendar, and many other activities. The Student Council is constantly seeking new ways in which it may better serve as the eyes, hands and voice of the entire student body.

The 1964 summer of concerts and parades, during which the Band with its new uniforms won first prize at Brant, Hamburg, and Williamsville, was a good starter for the ensuing year. For the first time in the history of our school, Senior Band is scheduled as a regular, daily class, and members receive a full credit. Membership totals 55 regular instrumentalists and 14 majorettes. Activities for the 1964-65 school year include participation in the Band Day at the University of Buffalo in October, a fall concert in December, a spring concert in May, several concerts out of town, special school assemblies, exchange programs with other school bands, and marching competition at the Syracuse State Fair.

Oh Albert!

Many days have come and gone
and we're still here. You've been
a great friend with the wit to
cheer me up now that you know
Synacusell better than the professors,
you can take on a tour of the campus
sometime. Never forget Latin II + III
and math 12a and N.H.S. & our
trips all over this state. It's been
memorable, to say the least.

I won't wish you good luck
~~and~~ or success because they just
follow you wherever you go.

God Bless You—

Love ya
—Franya

al,

Without a doubt we have had many
perilous adventures in high school. The
list of our endeavors at entertainment
is much to long to mention here. However
you must remember soccer and our many
antics on the field of conquest. This
summer we must work out so that I
can get in shape for St Lawrence.
after all 1 cigarette = 6 months of hard
work and at that rate what would
1 beer do?

Best wishes always

It was that we were good to be together in the
first month we were getting to know each other
better and we enjoyed every minute of them.
I never forget the Legion dances, Logans party,
the ladies luncheon, the home meetings and
all the other things we have done together & know
I never forget them. By the way when are you
going to teach me how to golf?

Wish you were here and happiness will be
yours in your coming college days. Have fun
and don't study too hard.

Love,
Ethel H. Homan

Don't look at the ball!

Al.

Best of Luck to you now
and in the future Have a
good time now that you are
out of school Be good.

Luck,
Claine
